

# Welcome to BusinessPoint Stop

You enter the building at our information desk (see image below), located directly next to the car wash. Please note: do not enter through the lunchroom, as this entrance is not connected to the meeting rooms.

## **This is how you easily find your way at our location**

Have you booked a room with us or have you been invited to a meeting? Great to have you here!

Inside the building, you will find the correct signage to guide you to the right meeting room or office space.

## **Parking and charging**

Parking is free on the opposite side of the building or on our own premises.

Driving electric? You will find several charging points on-site. You can also refuel here, so everything is conveniently arranged in one place.
